

KLONDIKE

EVANGELINE AREA COUNCIL | KLONDIKE DERBY
FEBRUARY 10-12, 2023 | MT BAYOU

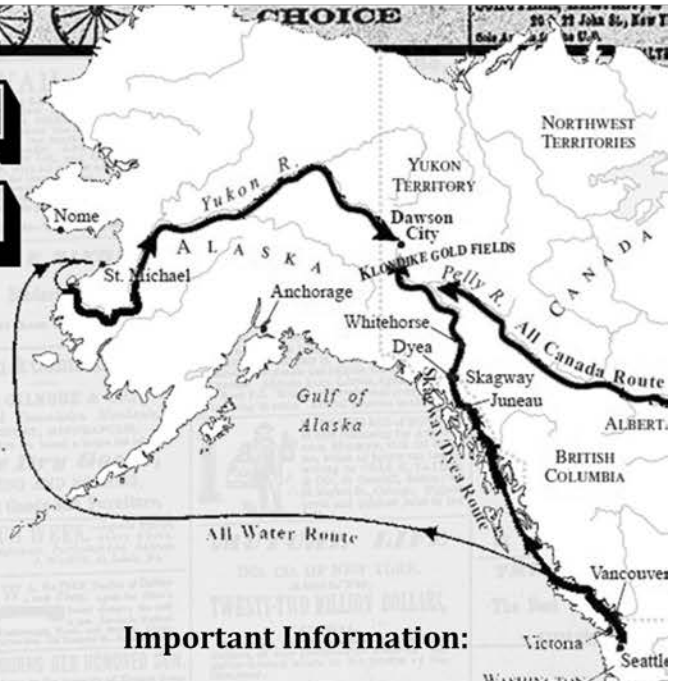

In 1886, settlers and explorers found something in Alaska that they tried to keep secret. They failed. Word spread quickly and thousands went north in search of wealth. The Klondike Gold Rush was on! Prospectors made sleds to carry supplies to reach the gold fields.

Now it's time for Evangeline Area Council Scouts to test their outdoor and problem solving skills as a patrol and try to earn golden nuggets as you head down the Klondike trail. To compete, your patrol will need a sled that you will pull to different towns in "Alaska" scattered around MT Bayou.

Each patrol will have a minimum of five scouts and a maximum of nine scouts. The sled must display the patrol flag and troop number. The sled must be scout constructed. There are only a few guidelines for the sleds: The length of the sled should be between 60" and 78" and the width between 18" and 24". Each patrol must carry a packing list of basic scout/camping items in their sled (see attached).

Welcome to the Klondike Derby!

What is Klondike?
Overview:

Klondike Derby is based on an Alaskan Dog Sled race. Each Patrol/Crew is a sled team of a musher and dogs. Once they leave the start line, they are cut-off from civilization (Troop Leadership) and must overcome challenges on their own. As they travel along the trail they will come to the towns. The mayor will welcome the team and explain the challenge the team must address. Each team is responsible for building a sled they will pull from town to town. Along the way, teams may run into other obstacles and Team Spirit will be evaluated and rewarded with gold nuggets that can be used at the "Frontier Auction".

Starting Process:

A sled team is made up of 5-9 scouts (established Patrols are best). Certain gear is required on every sled. Klondike consists of up to 16 challenges of different Scouting skills. Each challenge is 20 minutes in duration (including travel time) Sled teams travel the Klondike trail from town to town. Challenges are based upon basic Scout skills, primarily from the Tenderfoot to First Class ranks. Problem solving, teamwork, and hands-on demonstrations are expected. Each challenge will have a max of 25 points. Each town will recognize the top 5 sled teams. Total skill points will determine the Klondike Champion. Gold Nuggets will determine the Scout Spirit Champion. Awards are presented at the Council Campfire on Saturday evening.

Awards:

All teams gather at the North Pole for the opening ceremony. All teams are released at the same time for a shotgun start to a pre-assigned town. Starting towns are randomly assigned via drawing-from-hat at Friday nights captains meeting.

Skill Challenge: 16 skill challenges worth 25 points each plus 25 points for sled race for a maximum score of 425 points. Each skill will be recognized at the awards campfire (5th – 1st place)

Patrol Spirit: Each skill challenge will award 10 maximum spirit points (nuggets) based upon the Mayor's analysis of the Patrol's performance related to spirit (not skill). Gold nuggets will be handed out at the end of each skill challenge to recognize the spirit points earned for a maximum score of 160 points. Gold nuggets will be the only form of payment for the Derby Auction in the Dining Hall at 6:30pm Saturday. Top Spirit Patrols will be recognized (5th – 1st)

BSA Requirements: Youth must be a registered Scout or Venturer to participate in the Klondike for insurance purposes. If you have prospective members as guests of your unit and they are not currently registered, you must have a completed Boy Scout or Venturing registration form at the Klondike.

Two Klondike Unit Leaders (adults) are required to be responsible for all youth accompanying a unit. All leaders are required to be trained in youth protection. One leader must be at least 21.

- Visitors: Visitors are welcome and encouraged to attend. Members of your troop committee or parents of the scouts may attend many of the day's activities at no cost. Invite your unit commissioner, incoming Webelos. All visitors need to sign in and out at the Klondike Headquarters / Registration station.
- General Info: Each "Dog Team", so called because Scouts act as Huskies, follows a course IN NUMERICAL ORDER as outlined on a map/score sheet given to the acting Senior Patrol leader at registration. The map guides the team over a field course to each event.
- A practical problem involving basic Scouting skills will be encountered at each stop. Depending on how well the team works out this problem, it will be awarded several skill points and gold nuggets (Spirit points) and be off to the next station. Stations MUST be visited in the correct rotation for the patrol to participate. All patrols must visit all stations.
- After the final station, the team is on the final stretch. Report to the registration station to have your score sheets checked and recorded. Patches will be awarded to each dog team member, along with a ribbon based on their total score.
- Nuggets: Nuggets will be awarded for each event as shown below:
3 Nuggets – Patrol/crew demonstrated Spirit & Enthusiasm.
3 Nuggets – Patrol/crew showed Team Cooperation & Unity.

Derby Stations: As in past years, descriptions of the various stations to be run during the Saturday competition will not be detailed. In general, there will be stations that use traditional Scouting skills, such as: compass reading, fire building, knots, lashings, and first aid. There will be other stations that require problem-solving or initiative games.

Adult Participation: An adult should accompany patrols during the Saturday patrol competition

sessions but may not help during the competitions. We request that all other adults work at the stations. Units are required to provide two (2) adults to help with stations.

Campsites:

Campsites will be assigned during check-in.

Food:

Each Troop is responsible for its own meals during this event. Patrol cooking is encouraged. Don't forget lunch meals must be prepared on the trail and will be judged.

Fires:

Open fires **MUST** be kept in the designated fire ring at your campsite. Wood may be obtained from any downed trees; no standing trees may be cut.

Sled:

Each Sled “patrol” should consist of approximately five (5) to nine (9) Scouts (existing patrols are encouraged). The patrol is the unit that makes Scouting go. Patrols should not be organized based on experience or age. The older Scouts should help the younger Scouts up the Scouting trail. Each patrol should have a flag and cheer for the competition.

- Sleds should have Troop numbers and patrol names on them.
- Sleds should be designed to navigate the trails and roadways in both snow and dry conditions because we are uncertain if the order that was placed for at least a foot of snow will be processed in time for the Derby.
- Tow ropes or leads on sleds should be limited to a length that will allow the sleds to be used in a safe manner.

- Sleds with unusually long tow ropes or leashes, as deemed by the judges, will be disqualified from participating in the competition.
- All participants competing are expected to operate and manage the sleds in a manner appropriate to Safe Scouting and to prevent hazards that would result in bodily injury.
- Scouts participating in the race must be prepared to prevent falling during the race and to respond appropriately in the event they slip and fall during the race.
